

## Timber Valley Wifi

Think of TV as one big sheet cake from Costco. You know, the cakes with all the fancy frosting on them, sometimes there is a lot of frosting on one side and hardly any on the other side. The frosting on TV is our wifi system. It was a little lumpy here and there and Jay Hanawalt has smoothed it mostly out. He has installed new towers and relocated others, so most areas of the park are equally frosted with wifi signal.

Our system is much more stable now. There is no need for automatic resets any longer. And no need to worry. Jay will be leaving soon for Hondo TX and the Lone Star SKP Park for the winter, but he can work his magic from anywhere and he has trained helpers here in TV. The wifi system is a strange, evolving entity, and problems may happen. Sometimes they may solve themselves, other times we may need to call Jay. But it will get done. In any case, we can look forward to a much improved service this coming winter.

**Timber Valley member Sharon Elliott (#36) will talk about Blue Zones and the nine common lifestyle characteristics that contribute to health and longevity, on Friday, Oct. 13, 3 p.m. in the Clubhouse. Please bring healthy potluck snacks to share.**

- Texas Hold'em 6:30 pm
- PoKeNo 6:30 pm
- 

Mens pool meets daily at 12:30

## Fall Has Arrived, Winter Soon

The temperature dropped, the furnace was turned on for the first time this fall. Very soon it was blowing cold air.

Out of Propane. Sound familiar ?

We are fortunate in TV to be able to have our propane tanks refilled without leaving the park. But there are things to remember. First your tanks must be certified. They must be clearly labeled with name and lot number. Members are responsible for getting the tanks . the station and picking them up. Bring your tanks to the station between 9-11 M-F. And say Hi, To Don Warburton. our propane attendant.

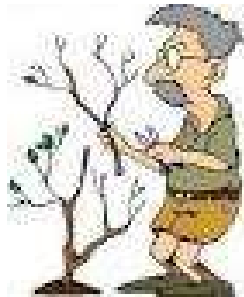

Beans, Beans Beans

Cathy Deyo will be teaching a class (limit 6) 3 vegan based bean dishes on October 21. She asks for a small donation to cover costs. Sign up in club house.

### Planning Ahead...

for the annual pruning of the fruit trees. Joe Buckhalter is in charge of this event that will take place late December and early January. Soon there will be placed in the office a map of Timber Valley and all of the lots. If you have a tree that you think should be pruned, mark your lot location on the map. If you can help with the pruning let Joe Buckhalter know, phone 541 556 1116 Lot 160

### R & B RV Service & Supply

Many of us rely on Phil Rard and his skills to keep our RVs in top shape., But did you know that he and his son-in-law also repair cars. Now that they have moved their business to 282 W. Everett Ave. they are able to expand the auto services to include oil changes. The new Business is R&B RV Service & Supply, Phone 541-802-1001

### Hunting Season.

Randy will be out of the park Oct 16-20. He will be out hunting.
