

Toys

We don't have much time to find all of the wonderful toys for the children of Sutherlin.

They need gifts for all ages. Infants and young kids are easy to buy for. The pre-teens and teens can be a challenge. Music, earphones wallets, purses, makeup, and sports equipment. Put them, unwrapped, under the tree by 9am on Dec 13. The big fire trucks will arrive shortly after. We usually fill two trucks. Can we do it this year?

You still have time to let the office know about a tree that needs pruning. They have a map so you can pinpoint the tree's location. The work is scheduled to be done late December or early January. Don't miss this opportunity to have your tree pruned and ready for spring.

New shed colors have been approved. They range from a barn red to a green. The office has the samples. If you wish to use one of the new approved paint colors contact the office. You will pay for the paint. The old original colored paint is still provided by the park. All shed paint has to come through the office. Contact the office to make arrangements to repaint your shed.

Thank you

From Terry Hilty "Another big thanks to all the Timber Valley Cooking Group volunteers who participated in a perfectly orchestrated Thanksgiving meal! I have heard nothing but great feed back. Congratulations!. Without your hard, dedicated volunteer effort, this could not have been achieved!"

It is Important

It is important. Are you going away for the holidays. Even if you are not expecting a package, let the office know. In this park we watch out for each other. When your neighbor sees a change in routine, lights not going on, dog not being walked, phone not being answered, they may become concerned. They call the office with their concerns. If they don't know that you are OK, or just away for a day or two, an investigation will start. It is so easy to keep the office informed. A phone call is all it takes.

OH RATS ! And mice and other creepy crawlers...

Randy says as the weather has gotten colder, the critters are looking for nice warm winter lodgings. The problems seem worse this year. Maybe the intruders know there is a extra cold winter coming. Plug all the openings with steel wool or expanding foam. Store bird seed or pet food in air tight containers and check often. The little buggers will drill into bags, boxes, even plastic boxes if they are hungry enough. They can chew through water pipes, and electric cable. They cause problems everywhere. Lets make sure they know they are not welcomed here.

What did you get for Christmas?

We hope you will participate in the gift exchange. It will be held during the Christmas party Dec.22 at 3 pm. There are a couple of rules to follow. First, there is a \$10 limit. If you are a guy buy a gift for a guy. If you are a gal buy a gift for a gal. When arriving at the party put your wrapped gift on the table.

Guy gifts under the blue Guy balloon and Gal gifts under the pink Gal balloon. Sign your name on the paper tag provided and make sure it gets in the container for the drawing. During the party the first name will be drawn. The lucky person goes to the proper side of the table and picks the next name and a present, returns to their seat and reveals what it was. The next person does the same but also has the option of stealing the first present chosen. If a gift is stolen, that person returns to the gift table and chooses another present. A gift may be stolen only twice. The third pair of hands on a gift need not worry about it being stolen.

Gifts may be practical, funny, home made, whatever, the whole idea is to have a fun evening with our friends.
