

June 20, Save the date.

Jerry and Darlene Hatch will be returning to Timber Valley soon. But it will be a brief visit as they plan on leaving Timber Valley and moving to California to be closer to family. Before they leave us they wish to host a luncheon on June 20 at 1 pm in the club house. It will be a combined 60th anniversary party and a Farewell Gathering, a chance to visit with their many friends before moving south.

They ask that there be no gifts or cards. They only wish for your company and friendship. There will soon be sign up sheets. It is important that you sign up so they will know how many to plan for. Let give the Hatches a good farewell.

Yard Sale On June 2

All of Sutherlin will be hosting a city wide yard, well, half of the citizens will be hosting, the other half will be shopping, that is the half we want to attract with our INDOOR yard sale. There was such favorable response to our emergency indoor sale (it rained) that it was decided to hold our sale inside again, rain or shine. With coffee and donuts for sale and the many tables of merchandise we hope to attract the shoppers. This is THE major fund raiser for Jacks & Jills. Needed are volunteers to work and stock the J&J table. Before the sale we need pricers. And now is the time to get your donations for the J&J table to the clubhouse. Put your donation under the table skirt on the stage. And please, consider signing up to help with the other chores associated with the yard sale.

Keeping your keys by your bedside table is smart. If someone were to break into your home or car, just press the panic button to set off your alarm in the car. It would be good even if you just need some help in a hurry. In Timber Valley we watch out for each other, So if you hear a car alarm that didn't shut off right away you would check on your neighbor, right? That is the kind of people we are.

To Kill Robo Calls..As soon as you realize it is another one of those unwanted calls hit the zero on your phones keypad 4 times. HARD, (how hard doesn't really matter but it feels good and releases that anger}. Now you will be at the end of the call and push 2 to be removed from their list. May not work for all calls but I killed two of them using the zero trick.....Helaine
