Subject: Changes to Chap 9 Web Page

Hi Betty,

Here is the updated info for the Chapter 9 Web page:

During the last week of January, Thom Hoch and I met to improve the Chapter 9 page on the Timber Valley website. I provided ideas and Thom provided the expertise to complete these changes. My goal was to give the Chapter more visibility and ease of access to our members.

1. Chapter 9 page is now shown on the menu bar, not part of the organization menu
2. The information for Officers has been updated
3. An About Us page and an Activities page were created
4. All older posts were labeled Recent Posts. At some point these will go away.

All Chapter 9 Flyers for events and activities will be posted on the Chapter 9 Activities page. They will no longer be posted on the TV Home page. Because we are not competing for space and exposure time, the postings will be more visible for longer.

Additionally, Thom has created 2 links to our pages:

<https://timbervalleysskp.com/chapter-9-activities/> goes directly to the Activities page
<https://timbervalleysskp.com/chapter9/> goes directly to the top lever Chapter 9 page

These should replace the link on the Trailer Tracks bottom left corner.

Mike
