

Social Hour News.

The SKP Park has been a member of the Chamber of Commerce for many years but hardly anyone knows what an important part the Chamber plays in attracting and supporting the commercial health of our community. Commerce is what allows our town to flourish.

The Chamber has a new Executive Director. Her name is Jessica Batchelor. Jessica grew up in Sutherlin and graduated from Sutherlin High School. She returns here after serving as exec. director in Lake County Chamber where she received the Tourism Southern Oregon's Rising Star Award. "To be back where I grew up is just blowing my bangs back."

Jessica does the "Chamber Chatter" on the Chamber Facebook Page. Listen and you will get a sample of her energy and magnetic personality. More important you will receive information about what's happening in the area.

During the Social Hour on Friday 13th at 3 pm. Jessica will be our speaker. She will tell us about her plans to attract and support the business community. Remember our Park IS a small business.
