

## Social Hour

Have a car to donate? Need a Car?  
Need a new dress? Need tools? Need toys? What do you do with good used items with lots of life left that can be used by others? Hopefully, you are a consistent shopper and donator to St. Vinnies.

Rodney Linton will be our speaker on March 10th at the Social Hour. Rodney is the director of the St Vincent De Paul store located conveniently in downtown, Sutherlin. Rodney says that the store receives donations from the community and all proceeds from sales go to individuals in the community. All support is handled "in House". None of the funds go elsewhere in Douglas County.

When a person in need asks for assistance with rent and other help, Rodney and his board will consider financial assistance. St. Vincent also supports the food program in schools by contributing funds so shopping can be done and food loaded in bags for children to take home so families can eat over the weekend.

Come and hear more about Rodney and St. Vincent De. Paul.
