## OBSERVATIONS BY SENIORS

- # 1 talk to yourself! There are times when you need expert advice.
- # 2 "In style" are the clothes that still fit.
- # 3 You don't need anger management, you need people to stop making you mad.
- # 4 Your people skills are just fine. It's your tolerance for idiots that needs work.
- # 5 The biggest lie you tell yourself is, "I don't need to write that down. I'll remember it."
- # 6 On-time is when you get there.
- # 7 Even duct tape can't fix stupid—but it sure does muffle the sound.
- # 8 It would be wonderful if we could put ourselves in the dryer for ten minutes, then come out wrinkle free and three sizes smaller!
- # 9 Lately you've noticed people your age are so much older than you.
- # 10 Growing old should have taken longer.
- # 11 Aging has slowed you down, but it hasn't shut you up.
- # 12 You still haven't learned to act your age and hope you never will.
- # 13 "One for the road." Means going to the bathroom before you leave the house
