MAY 26th SOCIAL HOUR SPEAKER IS GRANT SAHEY

Grant will talk to us about recycling. He is the owner of Sutherlin Sanitary Service and hauls away our refuse. Sharon asked about the overabundance of plastic, and landfills making mountains of trash and how this will affect the future. He told her about new laws on the manufacture of plastic. There are questions about what we do with used batteries and used syringes etc. There will be lots of information we should all be aware of. Let's make another big audience like we've been having lately. ♻️
