IN MEMORIAM, KEIKE JOHNSON

by Jackie Deal

Pronunciation of her name was "Cake-ee" not Kee-key and with gentle good humor, she would let you know. Few of us knew her given name was Virginia. Keike and her husband Bob were well known in the park; attending many functions including games and movie night. Right up till the end, Keike played a rousing game of Chair Volley Ball. Everyone enjoyed knowing her and called her a sweetheart. Keike was born in Norfolk, Virginia in 1936. She and Bob were married for almost 56 years. She had four daughters when she and Bob were married and they made a loving family. In 1992 they began traveling and after a few years were bored so they began working in RV parks and hosting in National Park campgrounds. In 2012 they first came to Timber Valley and on April 22, 2016, they moved into Timber Valley SKP Park. Keike will be missed by all who knew and loved her. We are glad that Bob intends to remain here in Timber Valley as long as he can.

HOW'S YOUR SHED DOOR?

In the report from our park manager read at last Thursday's Open Board Meeting, it was stated that a good number of shed doors have had to be repaired lately. It is realized that heavy tools such as shovels and rakes, etc. hanging on the inside of the door are often to blame. Every park member is advised to remove such things, putting them elsewhere. By doing this your door and the hinges will hold up much longer. Please comply with this request sooner rather than later!

ANTS IN THE CLUBHOUSE!

Help control ants in the club house. Many have trailed their way to waste baskets where someone has deposited a soda can. Two wrongs at once ! It is a No-No to put any food or drink garbage in a clubhouse trash can that isn't removed following the event at which it was deposited. Secondly and very important is that right outside the upper parking lot door is a recycle can for depositing soda cans or bottles. Be aware and do your part to keep the ants out.

NO COMMITTEE MEETINGS THIS WEEK

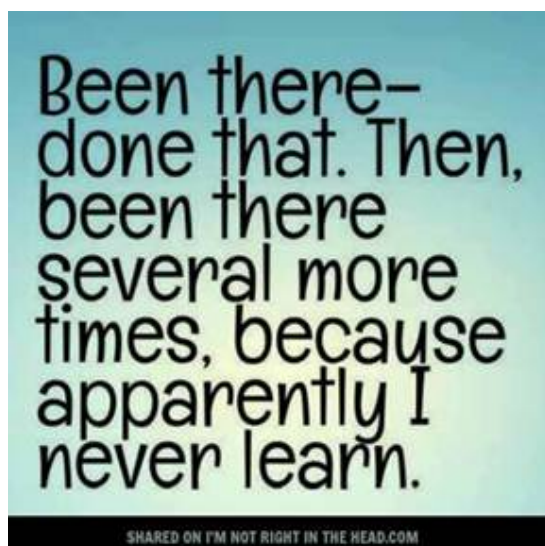

Attend Annual Meeting and Timber Fun Days Events instead!

FROM THE OFFICE

One more reminder: Take the couple of minutes needed to check with the office to be sure your information is current and correct. We never know when a situation could arise for the office to need to notify your emergency contacts. Keep that information current.

We have enjoyed Melissa Hannah assisting in the office for the past two years and will miss her smiling face and always helpful attitude. She will be missed. She will remain until August 11th as her replacement, Kristi Nilsson works alongside learning the ropes. Stop in and say your goodbyes to Melissa while you meet and greet Kristi. Our best wishes to both for happy futures.

Enjoy your week!
