CLUBHOUSE EXERCISE EQUIPMENT

It was announced at the June 26th Jacks and Jills meeting that those who use any of the exercise equipment are asked to sign a list attached to each whenever they use it. The reason is to find out which pieces of equipment are being used and how often. Equipment not getting any use may be removed rather than just being “in the way.”

VOLUNTEER REQUEST

Clubhouse dining room, kitchen and hallway floors will be stripped and cleaned on July 11th. Please sign up to volunteer your help in removing tables & chairs, etc. from the area on the 10th and replace it on the 12th. See sign up list in dining room.

COMMITTEE MEETINGS THIS WEEK

MEET OUR NEW MEMBERS

Welcomed with their Orientation meeting on June 22nd were the following new members

Bruce Belfils is on lot 48. He started out in Oakland, CA., has lived in Lake Tahoe, NV. He worked with boilers first with a small company and on to larger companies. He has a daughter and a granddaughter. You may have seen him with his large, friendly red Doberman named Ruby.

Tricia & Bert Nuckols are on lot 27. Bert is from the Midwest and grew up in Minnesota. He moved to Seattle to build houses with his brother. He met and married Tricia there. She was employed as a loan officer. They have one son who was in the Navy and is now an arms dealer.

Jerry & Angie Mabry are on lot 79. Jerry was born in Mississippi but traveled around a lot growing up. He worked in rubber and industrial maintenance for 36 years and retired as a Reliability Engineer with Cooper Tire and Rubber Corp. He loves guns, drag racing, flying, motorcycles and anything with a motor. He praised his wife Angie as a world-class cook. She worked as a nurse for 34 years, mostly in a free standing surgery clinic in Texarkana TX. They had a place in Arkansas near a beautiful lake but Jerry convinced her to leave it behind as he promised he would take her to any lake she wanted to go to in a new RV. They were headed to Brookings on 101 when heavy smoke sent them inland to Timber Valley instead. They signed up for the AWL the very next day. They also enjoy a lot in the Yuma SKP Park, KOFA.

Linda Buie is on lot 176. She was born in NW Florida (the Panhandle). She left in her 20's, toured the Eastern states and then came to Oregon. She didn't go back to Florida until recently to help Mom in her last days and doesn't plan to ever go back. She's had three career segments, ESL, Teacher, and Zookeeper. She retired in 2018 and bought a Class C. She Fell in love With Timber Valley the first time she came and immediately got on the AWL.

Debi & Wade Norton are on Lot 17. Wade was missed at the orientation due to his need to be in Portland at that time. Debi reported that she had worked at Home Builders Trade Association. Wade used to work with Cummins Engine Company, then worked in Chicago for a job he couldn't refuse. If you take a look at the cover of the Escapees May/June 2023 Magazine you will see their rig parked on Timber Valley's lot 186 on their first visit to our park!!!

All of these new people are jumping into life in our park and we welcome them with open arms. Bruce has been participating in the development of the new Timber Valley Garden and has some vegetables growing in his btm in the garden. Trish is keeping great meeting notes for the garden planning sessions. Linda has given QiGong a try. Angie has mastered MahJongg and at Monday's Jacks & Jills meeting she stepped up to volunteer to be in charge of our School Supply donations. Be sure to welcome them all.
