ANNUAL MEETING FLIES SMOOTHLY

Another year's Annual Meeting is now a part of our park's history. Attendance was great, we had a quorum, which hasn't always been the case in years past. Reports were all lively, informative and appreciated. Our boxed lunches were tasty and enjoyed, for which great thanks go to Chef Denis and his mighty crew who spent many hours preparing for all of us. The afternoon session began with the retiring of three extremely hard working Board Members: Sharon Elliott, Rockey Shanahan and Jerry Vroomman. Newly Elected Board Members were then welcomed. They were Thom Hoch, and Ken Smedley. David Van Westen was welcomed as well but not able to be present. During the meeting members brought up a suggestion for Timber Valley stickers with the member's lot number to be furnished for better identification of cars belonging in the park. A motion was made and failed to pass. Decals are available from our boutique simply to indicate you are one of us, which could be a solution. "Park Standards" was a hot topic and the board will see that an Ad-Hoc committee will delve into it further. The membership seemed to be in agreement that lots that are turning over to new leaseholders should not arbitrarily be denuded of every shred of landscaping. A motion to lower our park speed limit to 15 mph was soundly defeated but we are all reminded to observe the present 20 mph and SLOW DOWN! Near misses were shared of people backing out of lots not seeing hazards in their path. It is suggested that we back onto our lots so that we drive forward when departing with far better vision. The membership voted strongly for our Park Manager and Business Manager to be in appearance at monthly Open Board Agenda Workshops to make their monthly report and to be able to answer questions. Complaints of the meeting room being too hot brought discussion and agreement. It was discovered later that someone had broken into the locked cover over the thermostat in that room to reset the temperature. A "No-No" for sure. Members at the meeting sensitive to heat suffered because of one person breaking rules. At the meeting's adjournment the room quickly was cleared of chairs, etc. returning everything to normal. It was a good day!

COMMITTEE MEETINGS THIS WEEK

- Tuesday, Aug. 1st - 1 p.m. - Initial **Ad-Hoc Park Standards Committee** - Dining Room
 Thursday, Aug. 3rd - 10 a.m. - **Communication Committee** - Dining Room
 Friday, Aug. 4th - 9 a.m. - **Landscape Committee** - Everyone welcome, meet at garden when by shop.

TIMBER FUN DAYS ENJOYED BY ALL WHO TOOK PART

There was good participation and so much FUN during the past week culminated by a dessert potluck and an evening of seeing who won what and most especially an evening being entertained by the antics of our very own Sharon Elliott who came dressed as a witch who had come to Halloween party expecting to bob for apples and eat candy corn. As MC her antics continued through the evening to the enjoyment of the full room of members present. Thanks to all of the organizers for the entire week of activities and to all the participants. If you weren't one this year, be sure you are next year. A bit of fun never hurt anyone.

SOMETHING NEW HAS BEEN ADDED

Perhaps you have seen it. If you were one of the ambitious people who joined the Timber Fun Days Trail walk last Thursday, you saw it. And, if you've driven by you may have seen it, but it would be good for all to go to the top west corner of the park to have a look and maybe take a hike while you're at it. The sign itself was created by the Communication Committee but previously it was simply mounted on a couple of metal stakes. It is now appropriately surrounded by a gorgeous, sturdy log frame made from logs saved from trees removed right here in Timber Valley. They were properly dried and treated by Bob for this use. And the sign will tell you when you get out and read it, that Bob Feiler is the guy who built and has since maintained the entire trail. How could we be so lucky! Be sure to thank him when you see him.
