6:00pm Game Night - Dining Room or Big Room or Card Room

Cathy Deyo Portland Marathon Fundraiser for Escapees CARE (Caring Affordable Respite Experience)

I am Cathy Deyo on Lot 97. Many of you know that I am walking a half marathon in Portland on Oct. 1. For those who don't know, Jacks and Jills has given me the go ahead to raise money for the CARE facility in Livingston. CARE is run mostly by volunteers who help other Escapees with medical problems.

A half marathon is 13.1 miles. The course starts in downtown Portland and heads south, crosses a bridge to the east side of the Willamette River, goes north to another bridge crossing and ends in downtown. It should take about 4 1/2 hours. My right hip was replaced two years ago. My left hip was replaced in March and training for the half has been great therapy.

There is pledge sheet in the dining room and one in the mail room. Please make a pledge and help support CARE. I will appreciate any support. Timber Valley will get the credit for the donation. Please help with a check made out to Jacks and Jills, or a cash donation. Thanks for your support.

New Three-Way Stop Entering the Park

A new stop sign has been installed as we enter the park (past the office), so this intersection is now a full, three-way stop. Thank you for your understanding and support in keeping our park safe for everyone including motorists, cyclists, pedestrians, and our animal companions.
