CHANGES!! Who was it said: You either move forward or you fall backward?

It's almost time for our Snowbirds to come home and we're eagerly anticipating that. However.....

I remember being a Snowbird and coming home to all those changes the Stay-at-Homes had sneakily instituted!

We've made some changes! I'm hoping to get this promptly into the net so the snowbirds who are "computer literate" can read them. (I'm sorry about the rest of you, we just don't have a good enough mailing list to reach all of you. Apologies.)

We've decided to bring Chapter 9 breakfast and meeting back into the park's Clubhouse. Our reasons:

1. We now have a Chef who can cook breakfast for us at \$5 each.
2. Conducting a meeting at Abby's is almost impossible. (Yes, they've been very good to us.)
3. When our Snowbirds return we overflow the "upper room" at Abby's and that's not fair to some who have to sit in the main restaurant and miss our wonderful meetings.

We tried it out for February and learned some things (our big ole black stove needs to be replaced!) Our menu was too ambitious and we have to all pitch in and help.

But it is workable. We've had to change the date: OUR MEETINGS NOW ARE ON THE FIRST THURSDAY OF THE MONTH. Got that??

We hope you Snowbirds and the Stay-at-homes will all support this change and join us on the first Thursday of each month.

MOVING ON

We're tinkering with ideas for a Snowbird Return Party. Ideas, please!

We want to have Food, Fun and Fellowship. That's what we want to be known for; especially the Fellowship and getting to know each other better.

Our by-laws state that our goal is to "make friends through rallies and other announced social activities".

We'll have more Getting To Know You visits when the weather gets better.

We plan on visiting not only Sutherlin and Oakland but maybe Wildlife Safari. We'll work on other ideas through the efforts of Rhonda and Scottie and Richard and Deb. Thanks to them for all they've done.
