**Friday August 28, 3:00 pm come join us for Social Hour. Allen Deyo # 97, a soil geologist, will give a talk on Green Space.**

---

### Shed Replacement

Just recently the Park has had to totally replace two sheds. Sheds that have sheet rock for ceilings and walls with insulation behind them require extra care to dispose of the materials. Under the metal roof are shingles that also require that same care. They cannot be burned on our burn pile therefore the materials need to go in the dumpster.

How to protect your shed? 1. Make sure there is ventilation under the shed. 2. Remove wall to wall carpet. 3. Make sure there is ventilation in the attic.

---

## Timber Valley Labor Day Festivities

**Monday September 1, 2025**

**AND**

We'll have a silent auction for CARE!

For questions see Karen Hofferber 49 or Rhonda Scott 145

Hello everyone. Here I am again pleading with our members. Jack's and Jill's are in (I hate to say it this way,) desperate need of a secretary. This is your chance to help continue and create more fun for all of us. Please contact me, Chris Beith lot 142 or Cindy Clark Banta lot 143.

.....

Mike Hilty #71, Investment Advisory Group Manager was appointed to the Board as Treasurer.

.....

Movie Night: August 28, 5:00 pm Classic Cartoons & free popcorn, 5:30 pm Feature Film is Tucker: The Man and his Dream. Visionary Preston Tucker set out to build the car of the future. But Detroit's automakers and Washington's politicians were determined to crush him—turning one man's dream into the fight for his life.

Ladies and Gentlemen, Jacks and Jills,

We have a mystery that needs solving, and you can help! By finding the solution, you will be eligible for a prize. Next to Lot 171, there is a monument that appears to have been constructed from the same rock material as our park's ground.

This looks to be the rear of the monument. The construction material looks like the black rock that is located in other areas of the park.

This appears to be the front of the monument with a wooden frame that could have been an informational plaque.

The first person explaining the construction of this monument will receive two tickets for free ice cream or for donuts.

Introducing **ABIGAIL GRACE**. Abigail "rules the roost" at the Prohaska household.

Abby is a Canadian Golden Retriever. Born in Salome, Arizona, 5 years and 7 months ago. Dale and Gwen, Lot 93, welcomed her into their home as a puppy.

Canadian Golden Retrievers refer to Goldens from lines developed or bred in Canada. The dark red, or "mahogany," coat color is a purebred trait of Golden Retrievers.

When Gwen leaves home, Abby sits at the door and patiently waits for Mom to come home. It's clear they are soulmates.

Abby went through obedience training. Abby completed the training, but the Prohaska's scored a D minus. (I didn't ask why- LOL)

Abby also took Snake Avoidance training. The training is a three-phase process, involving both visual and auditory elements. So far, she has avoided any snakes.

Stop by and say hello to this Furry Friend beauty

This newly refurbished sign looks great! Thanks to Bob Feiler lot 139
