## **Happy New Year from your Log Team. First log of 2026!**

New Years Eve report from Sharon Elliot

We enjoyed the best food contributions of all time. There were games and lots of prizes. When the ball dropped (the first one), we blew horns, rattled toys, and hefted a glass (paper cup) of champagne. Then at the second ball honoring the 250th birthday of our country. We did it all again. A great time was had by all.

-No open committee meetings -

#### **Why We Do the Monday Radio Roll Call**

Recently, a loud sound in one area of the park caught the attention of nearby residents. Several residents quickly checked in on Channel 6, shared information, and investigated and clarified the situation.

This was a small example of something we have seen before. During the January 21, 2025 power outage, radio communication allowed neighbors to share updates, coordinate propane support and device-charging, and offer help before power was restored. In both situations, timely radio check-ins helped keep neighbors informed and at ease.

Events like these remind us how valuable it can be to know how to use our radios and hear familiar voices. The Monday Radio Roll Call is a relaxed, friendly check-in that takes about 10 minutes and helps everyone stay comfortable using their radios. Join us Mondays at 4pm on FRS/GMRS (walkie-talkie) Channel 6. Even listening in helps keep our community connected and prepared.
